ECSA MSWG | For information | MSCHOA template for information request from ASPIDES

Dear members,

We wish to share with you here the template we received today for shipping companies to request assistance from EU Operation ASPIDES in the Red Sea.

The template is attached to this email, **we invite you to share it with your members for their awareness.**

The MSCHOA is now set to be of service to ASPIDES. It will support it by distributing products such as maritime situational awareness, guidelines and recommendations.

Should you have any questions on the above, feel free to contact me.

Kind regards,
Marius
