## **For information – EU ETS: webinar on participation in ETS auctions (5 September)**

Dear members,

The European Energy Exchange (EEX) will organise a webinar on participation in EU ETS auctions on 5 September, from 10:30 to 12:00 CEST.

During the webinar, EEX will introduce participants to the common auction platform, outline several options for accessing the emissions auctions, explain the auction process and the secondary emissions market, and answer any questions relevant to you as an existing customer or entity with compliance obligations under the EU ETS. The inclusion of the maritime sector in the EU ETS will also be part of the presentation.

You can read more about the agenda and access the webinar [here](#).

If you have any further questions regarding the webinar, please contact the EEX directly at: [environmentals@eex.com](mailto:environmentals@eex.com).

Best regards,

Ulrik
