Pursuant to E.O. 14024 for operating or having operated in the energy sector of the Russian Federation economy, OFAC imposed further sanctions as a result of Russia's lack of serious commitment to a peace process to end the war in Ukraine. OFAC's actions intend to increase pressure on Russia's energy sector and degrade the Kremlin's ability to raise revenue for its war machine and support its weakened economy.

As a result of OFAC's action, all property and interests in property of the designated or blocked persons, or any entities that are owned, directly or indirectly, individually or in the aggregate, 50 percent or more by one or more blocked persons, that are in the United States or in the possession or control of U.S. persons are blocked and must be reported to OFAC. Unless authorized by a general or specific license issued by OFAC, or exempt, OFAC's regulations generally prohibit all transactions by U.S. persons or within (or transiting) the United States that involve any property or interests in property of blocked persons.

**Violations of U.S. sanctions may result in the imposition of civil or criminal penalties on U.S. and foreign persons.**

OFAC may impose civil penalties for sanctions violations on a strict liability basis. In addition, financial institutions and other persons may risk exposure to sanctions for engaging in certain transactions or activities with designated or otherwise blocked persons.

In addition, foreign financial institutions that conduct or facilitate significant transactions or provide any service involving Russia's military-industrial base, including any persons blocked pursuant to E.O. 14024, run the risk of being sanctioned by OFAC. For additional guidance, please see the [updated OFAC advisory](#), "Updated Guidance for Foreign Financial Institutions on OFAC Sanctions Authorities Targeting Support to Russia's Military-Industrial Base," as well as OFAC Frequently Asked Questions (FAQs) [1146-1152](#), [1181-1182](#).

**FAQ 1146** states that [E.O. 14114](#) amends [E.O. 14024](#) and [E.O. 14068](#) to further address the Russian Federation's continued use of its military-industrial base to aid its effort to undermine security in countries and regions important to United States national security and to further counteract the Russian Federation's continued evasion of U.S. sanctions.

**FAQ 1147** explains that E.O. 14114 amends E.O. 14024 to authorize the imposition of sanctions on foreign financial institutions (FFIs) that have engaged in certain transactions involving Russia's

military-industrial base, including all persons whose property and interests in property are blocked pursuant to E.O. 14024.

**FAQ 1150** clarifies the Russia Critical Items Determination issued pursuant to subsection 11(a)(ii) of E.O. 14024 by identifying certain items that support Russia’s military-industrial base.

Furthermore, engaging in certain transactions involving the designated persons designated may risk the imposition of secondary sanctions on participating foreign financial institutions. OFAC can prohibit or impose strict conditions on opening or maintaining, in the United States, a correspondent account or a payable-through account of a foreign financial institution that knowingly conducts or facilitates any significant transaction on behalf of a person who is designated pursuant to the relevant authority.
