Maritime Cyprus 2025: Unlocking the Future of Shipping

The “Maritime Cyprus 2025” Conference was held with great success from 6 to 8 October 2025 at the Parklane Spa & Resort in Limassol, under the central theme “Unlocking the Future of Shipping.”

The Cyprus Union of Shipowners, as a steadfast and committed supporter of the Conference and its thematic direction, extends its warm congratulations to the Shipping Deputy Ministry, its officials and staff, for the flawless and exemplary organization of this year’s event. The success of the Conference was evident not only from the high number of participants, but also from the topics that emerged and dominated the international maritime press throughout the week, leaving particularly positive impressions on both the domestic and global shipping community.

Special congratulations are due to the Shipping Deputy Minister to the President, Mrs. Marina Hadjimanolis, whose significant contribution cannot go unnoticed. Her dedication and unwavering commitment, along with that of her team, are key pillars of the achievements we witness today, as well as the steady progress Cyprus Shipping has made in recent years.
